

# LINK-LIGHT

## 5W LED RGB colour light strip

### GLL22

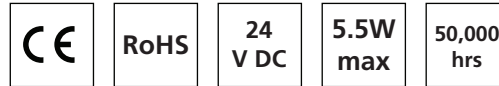

Easy to assemble coloured LED light strips that simply lock together, end-to-end. Each 30cm white strip offers twice the brightness of a 20W halogen, while using less than 5W of power. The LED strip inside the link-light has adjustable tilt so the light can be directed to where it is required. Supplied with slide-on mounting clips for easy fixing. The complete LED solution for shelf and cabinet lighting, corridor illumination and point-of-sale lighting.

Please note, does not include end-cap and connecting lead set. Please order separately using code GLF22-EC

Guarantee : 2 years

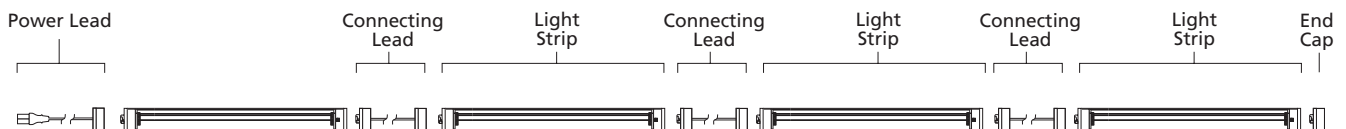

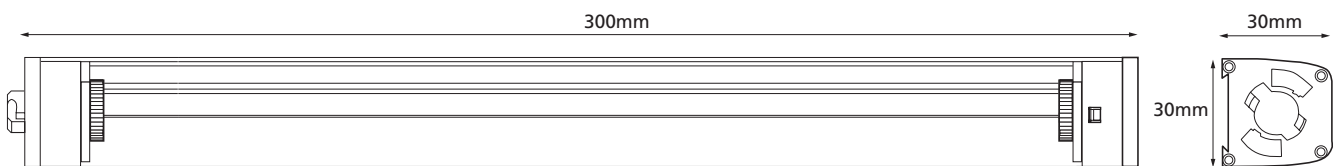

Non-dimmable

#### Specifications
